There is an improved feeling in the Stock market and a general advance in the funcies. This was market and a general advance in the fancies. This was more especially noticeable at the Second Board. The renewal of comparative case in the money market enables operators to carry lines of stocks again, and there was quite a disposition to buy. Long Island was an exception to the upward tendency of the market, and fell off to 32, a dectine of 26 % cent. from the highest point. The dividend on Eric is generally acceptable, and the stock was buoyant under sales of 4,000 shares, going to 5% sellers' option. The receipts of December will reach made at 115, an advance of 7; \$\psi\$ cent. from the lowest point touched yesterday. It is understood that all, or nearly all, the directors have resigned. Crystal Palace sold so 150, and some holders ask 300. The Coal Com-panies are in the ascendent again. Parker Vein sold at 65, an advance of 5 \$\psi\$ cent in two days. Cumberland sold at 67, a further improvement of 1 \$\psi\$ cent.; Phenix, 22. The bulls are working in New Creek again, and it went to 5 @5; Delaware and Hudson, 130. The clique n Nicaragua ere buying with great steadiness, which ndicates the truth of the reports that a large movement is intended. Jersey Zinc is again advancing, and touched 13th, on time. Morris is firm at 20th. The premium Railroad Stocks are firmly held and in moderate de-mand. In Bonds there is not much doing, but quota-tions are strong. At the close of the Second Board the arket was quite buoyant. The Board adjourned to

In Exchange there was not much doing for steamer, and rates have still a downward tendency. First-class Sterling was sold at 9j; the range is 8j 210

Freights were quiet, and parties were waiting for the steamer's news. To Liverpool some Cotton was shipped at 4d.; 1,000 bbls. Flour, 3/9d.; Grain, 11d. To London, Naval Stores and Flour, 3/9d. 24/; 500 bbls. Flour, 45 50, and a ship of some 80,000 feet

The amount received at the Sub-Treasury was \$81,620; paid out, \$33,670; balance, \$2,950,661.

The Money Market is decidedly easier than carlier in the week. The supply offering on call loans to-day was much increased, and was sufficient on good occurities at 607 \$\psi\$ cent. Large sums were loaned at 6 \$\psi\$ cent., and in some cases at 5 \$\psi\$ cent. Considering that the payments of three days have been to-day in one, the market has been unexpectedly easy.

The Genesee and Hudson Road is not to be of six feet guage, as announced in the Rochester papers. It will be of the same guage as the Central Line. Some negotiations are going on by which the route will be changed materially.

The Firemen's Insurance Company, of Bal-

timore, have declared a dividend of 6 P cent; the Taunton Branch Railroad, 4 P cent. The Directors of the Corn Exchange Branch have called for an instalment of twenty dollars on each share, payable on the 10th of January. The United States Fire Insurance Company has made a semi-annual dividend of 10 P

Some of the City Banks, we understand, are throwing out the notes of the Astor Bank. They are, however, perfectly safe, as they are amply secured in the Controller's office.

The work on the Covington and Lexington Railroad is progressing rapidly to completion. A sum of \$1,537,304 74, including iron rails paid for, has been expended on the road. The two tunnels, near the city of Covington, are completed. One of them is \$\frac{1}{2}\$ of a mile long, and the other \$\dagger{1}\$ of a mile. Three miles of the track are laid next to Covington, and 40 miles will be ready for the rails at the opening of spring. The whole line will be completed and in operation within 1853. The rails are all paid for, having been bought at \$\text{STMANSACTION To the STMANSACTION TO TRACE TO Units, 232.26. for Western active at \$\text{2.50c}\$ for Orange Country. Texas eight per cent. bonds have been sold in Philadelphia at 99. This, says The Public Ledger, is the highest price they have ever reached. The rise, we presume, may be attributed to the announcement that the Senate, on Tuesdey, had fixed on the 6th Januery for the consideration of Mr. Pearce's bill providing for the asymptot of the gradient of Taxas. for the payment of the creditors of Texas.

At Boston the demand for Money has elightly increased, but the supply is in excess.
